Verse 1:

```
      E7
There is just one thing (march)
that I can't understand about friends (marchin')
Why some folks think freedom (march)
is not designed for all men (marchin')
There are so many people (march)
living their lives perplexed (marchin')
Wondering in their minds (march)
what's gonna happen next (marchin')
```

Chorus

Verse 2:

```
Found dead people in the forest (march)
Tallahatchie river and lakes (marchin')
The whole wide world is wonderin' (march)
what's wrong with the United States (marchin')
Yes we want peace (march)
if it can be found (marchin')
We're gonna stay freedom highway, (march)
we're not gonna turn around (marchin')
I think I voted for the right man (march)
Who said we will over come (marchin')
I march the freedom highway (march)
until the day is done (marchin')
```
